

**CONNECTED  
INNOVATIONS**

## WHAT PEOPLE SAY

*"I am delighted that Connected Innovations won this year's safety innovation award. Their core fire safety system is an industry first and has the potential to make ground-breaking improvements to electrical and fire safety that will ultimately save lives."*

Martyn Allen, Technical Director at Electrical Safety First

*"People who have the ability to invent or to create have a special gift, and you are clearly someone who has an ability to create by bringing together technology in a way that nobody has done so before."*

Ci™ concept demonstrated to the former chairman of one of the biggest home building firms in the UK

*"We were very impressed with the product and there could be a great opportunity when it is launched... please let us know when the product is market-ready".*

Leading UK Construction Co

*"I love it!"*

Ci™ concept demonstrated to relevant Member of Parliament.
